AIDA Engineering Malaysia added a feather in its cap as it clinched the Gold Award in Machinery, Equipment & Automation Category at the prestigious Export Excellence Awards 2019, organized by Largest Newspaper in Malaysia - The Star, in conjunction with Standard Chartered Bank.

Export Excellence Awards 2019 winners are testaments of the ultimate achievement in worldwide export industry and serve as a highest benchmark for all exporters to emulate.

AIDA Engineering Malaysia is proud to be recognized as the best machinery, equipment & automation exporter in Malaysia, particularly on the prominence of being the excellent exporter in the world market. It has exported more than 8,500 units presses to over 30 countries across Asia Pacific, America, Europe since its incorporation in 1995.

Moving forward, AIDA Engineering Malaysia will strive harder and continue to export superior quality precision presses and provide customers distinct advantage in competitive global market.
